Subject: COMMENT ON PROPOSED RULE CHANGES FOR ADVANCED WIRELESS SERVICES ,SPECTRUM BANDS

Dear Mr. DaRonco ,

As a follow-up to my previous correspondence with the FCC , I am enclosing the following comments in response to the news release found on your site , release date June 20 , 2008 . This is a follow up to my April 2008 letter to the FCC and subsequent correspondence to the U.S. Department of Commerce .

I respectfully request that the FCC cease all regulations which involve giving away free access "WIFI" or any other aspects of the INTERNET to bands of the spectrum including auctioning off and granting access to any major corporation that 'declares ownership of INTERNET property' simply by its money or might . With all due respect , I do not believe that the FCC or other government agencies have license to the INTERNET and therefore does not have license to give , exchange or barter it off to telecom corporations , media companies , phone companies , search engines , automobile companies , cities or any other entity which 'declares its ownership of INTERNET property .

With all due respect to the Country that I love and too the great amount of wealth amassed by these organizations - some it by way of the INTERNET - I am its inventor . My patent application with the USPTO - is in the last stages of its determination and the status is Patent Pending .. Until the extent of my rights are known , I request that the FCC does not move ahead with this dramatic move of Public Access to Free , High-Speed Broadband Internet Services or free access to the INTERNET for anyone .

I sincerely believe that the FCC is not licensed to do that . I have enclosed a copy of my TRANSMITTAL LETTER TO THE USPTO mailed June 25 , 2008 and received June 26 , 2008 . In light of my contributions , I request that you at least show me some consideration in allowing adequate time for these matters to be sorted out by suspending all such actions .

Yours Truly ,

Dorothy M. Hartman / Inventor
